PROJECTS

TRAIN TICKETS BOOKING SYSTEM:- During mini project of my bachelor degree, I made project with my team. It is a web-based application, designed to provide booking facilities to the passengers. Users have to register first and he/she will be eligible to login by their login id and password. After login, user can book tickets for registration and can cancel tickets for cancellation. We used different technologies like HTML, CSS, BOOTSTRAP, and JAVASCRIPT as Front-end and MYSQL and PHP as Back-end.

SR-Tech EDUCATION SOLUTION:- During Final project of my Bachelor degree. we have made this amazing web based application. It is restful web-based application that provides facilities to the colleges/institute to run smoothly. The project is focused on course planning to the faculties and getting the details of each and every particular student. It has different modules for students, teacher, and administrators. It was designed by using several technologies and framework like SPRINGBOOT, HTML, CSS, BOOTSTRAP, JAVA, MYSQL and THYMELEAF.

PAROPAKARKHBAR, LEKBESIKHABR:- I worked as a freelancer and made this two news portal websites for the clients. These two websites are developed by using Wordpress CMS Application. Plugins, templates, widgets, and custom codes are used while developing this project. Website links are:

- www.paropakarkhabar.com

- www.lekbesikhabar.com

Restaurant website :- I designed and developed these websites as a freelancer. Developed four responsive websites for different clients using wordpress (CMS). Designed and using contents as per Client Requirement. Live website links are:

- www.newannapurna-restaurant.com

- www.jyotyindianrestaurant.com

- www.dgrestaurant-bar.com

- www.no1asiandining.com

ManojGorkhali:- MonajGorkhali is a website created by using Wordpress. Used fully blanked page and provides custom designed by using Elementor page builder plugin. Website link: www.manojgorkhali.com which is client's portfolio kind of website.

Kabirajjoshi:- It is also a single page portfolio website created by using wordpress. It is designed using Elementor page builder, essential addons plugin and flex container of wordpress in a fully blank page. Website link: www.kabirajjoshi.com.np which is mobile friendly.

Rijal daju bhai fancy pasal:- Rijaldajubhaifancypasal is a cloth shop website developed by using Wordpress/Cms. Used fully blanked page and provides custom designed by using Elementor page builder plugin. Website link: www.rijaldajubhaifancypasal.com.np which is client's shop website.
